Dated the 19th December, 2016.

My Dear Principal Chief Commissioner of Income Tax,

Subject: Review of position of cash collection from arrear demand- Need for stepping up efforts.

Please find attached a chart showing the position of cash collection out of arrear demand as on 30th November, 2016 in respect of various Regions.

2. It may be pointed out that the target of cash collection from arrear demand was fixed very modestly at Rs.53,981 crore in the Central Action Plan for 2016-17 as against very large amount of arrears outstanding. However, till the end of November, 2016, only an amount of Rs.19,686 crore has been collected, which represents only 36.47% of the target. A number of Regions are performing far lower than the national average of 36.47%, which itself is quite low. The level of performance in this critical result area of the Department's work is completely non-acceptable. Three quarters of the financial year are already over and not even 50% of the target has been achieved, which itself was fixed at a fraction of the total arrears outstanding.

3. You are requested to take all measures for stepping up cash collections out of arrear as well as current demand so that not only the target set in this regard is met but significant contribution is also made towards achievement of the overall budget target for your Region. All demands classified as Net Collectible Demand (NCD) may be recovered forthwith and efforts should also be made to make recoveries from categories other than NCD as per the Action Plan. Stay of demand may be granted prudently in the light of Instruction No. 1914 dated 21.03.1996 read with Office Memorandum dated 29.02.2016 on the subject. CsIT (Appeal) may be requested to dispose of such appeals on priority where demand is likely to be confirmed. Post confirmation of demand, the same may be collected swiftly using all provisions of the Income-tax Act for recovery of demand.

4. The advancement of the time-barring date to 31st December was intended to provide the assessment units with dedicated time for recovery of demand raised. It is expected that the last quarter of the financial year will be effectively utilized for making recoveries from arrear and current demand and the reasonable target of cash collection fixed for the year will be achieved, if not exceeded and significant collection will be made from the current demand as well.

With Best wishes.

Yours Sincerely

(Sushil Chandra)

Enclosure: As above.

All Principal Chief Commissioners of Income Tax
