

Procedure to Register Parichay Authenticator App

(To receive OTP through the App rather than by SMS)

Step 1: Download the Parichay Authenticator app from Google Play Store

(<https://play.google.com/store/apps/details?id=com.nic.parichayauthenticator>) or from the Apple App Store (<https://parichay.nic.in/pnv1/assets/about-parichay-authenticator?sid=1234567899>)

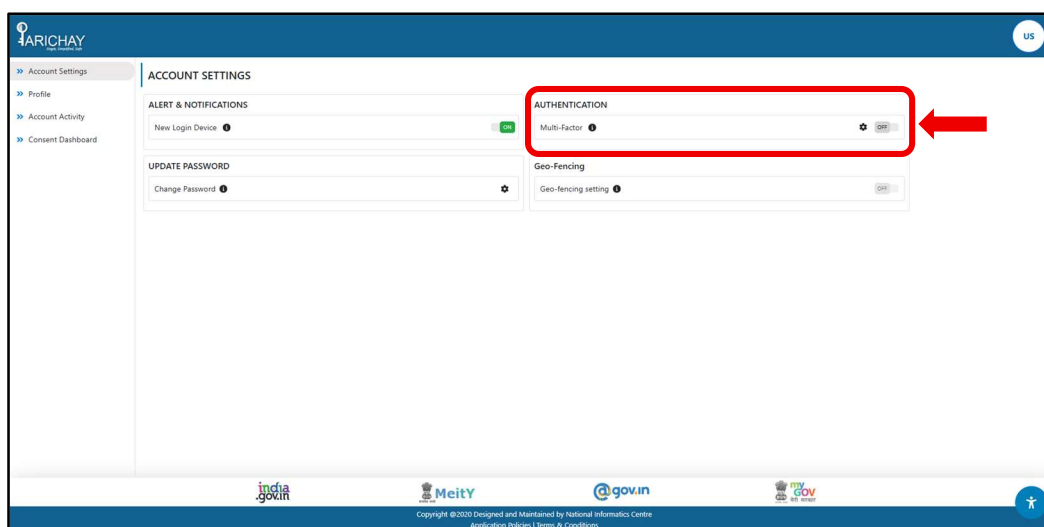

Step 2: Go to <https://parichay.nic.in> and type your “**Email Address**” and “**Password**”. Click on “**I consent to Parichay**” and then click on next.

Step 3: The following screen will appear. Enter the OTP received on your mobile phone and click “**Next**”.

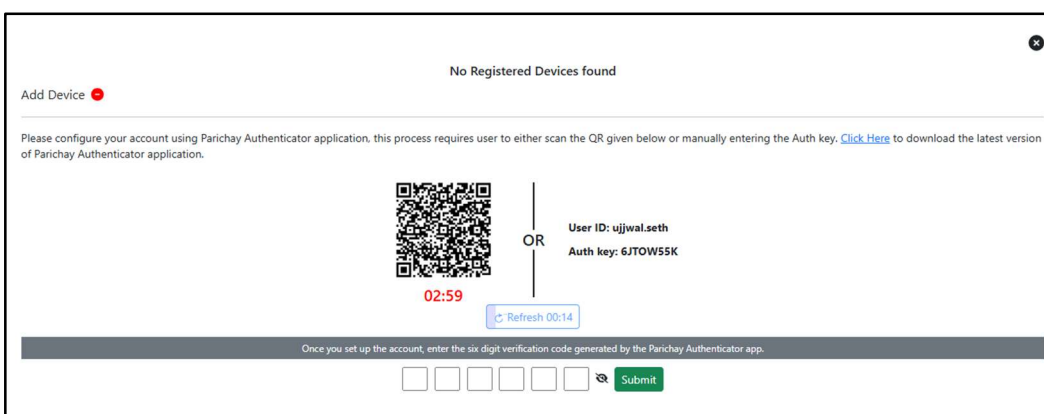

Step 4: The following screen will appear. Click on the Profile Icon at the Top-Right Corner of the screen and then click on “**Settings**”.

Step 5: The following screen will appear. Click on the off button on the “Multi factor” in the “Authentication” tab to turn it “On”.

Step 6: The following pop-up will appear. Open the Parichay Authenticator app on your mobile phone and scan the QR Code appearing on your screen. After successfully scanning the QR Code, enter the 6-digit verification code generated by Parichay Authenticator app and then click “Submit”.

- Your Parichay Authenticator app has been registered successfully.
- User can now use “**Token Authentication**” option instead of SMS OTP to login to their SPARROW (Parichay) Account.
